Storage of empties/packaging material for your exhibits

During the conference, room P 6 is available as a storage room for empties and packaging material and selected items. Access is available between 10:00 a.m. and 7:30 p.m. via exhibition assistants and the conference office.

Please use the large car park in front of Kernchemie between Jakob-Welder-Weg and Johann-Joachim-Becher-Weg or the car park on Dahlheimer Weg outside the university campus if you would like to park your vehicle for a longer period of time.

Please note that the campus can be easily reached by public transport via the bus and tram stops *Universität* (ReWi) and *Friedrich-von-Pfeiffer-Weg* (Philosophicum), see

Security guards

During the opening hours of the Philosophicum (06:30 - 21:00), a fire protection guard patrols the building. Outside the opening hours, a security service is engaged from Monday to Thursday during the conference.

Mobile equipment such as laptops, projectors or the like should be appropriately secured, locked in lecture hall P 6 or, at best, taken away outside the exhibition hours.

The organizer assumes no liability for exhibitors' items and goods!

Wi-Fi

Wi-Fi is available in all exhibition areas. Guest access is available at the conference office. However, we would like to point out that due to the high number of participants during the conference, the Internet connections in all areas may be overloaded at times. We strongly recommend that you take a UMTS stick with you.

Promotional activities during the exhibition

Unfortunately, it has happened several times in the past that companies have set up their roll-ups outside the rented exhibition space for advertising purposes. At this point, we would like to point out once again that the installation of advertising measures (roll-ups, banners, etc.) outside the rented exhibition area or advertising in any other form (trade fair hostesses or similar) is not permitted without prior consultation with the DPG office. Roll-ups that are set up without permission will be removed immediately.

Security

All exhibition areas are guarded from 9 p.m. to 6:30 a.m. from Monday to Thursday.

During the entire conference, the exhibitor is responsible for guarding and looking after his stand and the associated (exhibition) objects, goods and persons. We recommend that you bring tablecloths or similar to cover your stand during the night hours and store valuables in room P6.

The organizer assumes no liability!
