## General organizational instructions

The booked floor space will be available for the exhibitor stands and will be marked accordingly with the stand number. Side or back walls will not be provided. Each stand has an electrical connection (230 V / 16 A). Booths 5-7 and 8-10 share one 16 A fuse. Please bring your own distribution board for power distribution within the stand. The tables and chairs ordered will be provided at the respective stand.

### Specification of tables required

Tables with the following dimensions are provided: 1.20 m x 0.70 m

### Set-up and take-down of exhibition booths

For setting up the exhibition – just unloading, NO PARKING – you can use the parking lot "A" behind the Audimax (opposite of Hindenburgstraße 34). To ensure a smooth unloading process, please inform us of your expected arrival time, as well as whether you require any assistance. Please see below for PARKING.

### Set-up

All exhibition spaces will be ready for set-up from 15:00 on Monday, March 16. Set-up should be completed by 19:00 at the latest on the same day. Please indicate if you need storage room during the exhibit IN ADVANCE. A shared storage room will be available in the Audimax building itself.

**Take-down:**

The take-down starts on Thursday, March 19 at 16:00 and should be finished before 20:30 on the same day. Please provide Mr. Gál (local contact person for exhibition) with advance information in case you have a temporary delay regarding removing your booth.

Assistants are available for all setup and take down, as well as for transporting your materials within the building.

**Registration of stand personnel**

For those who only attend the exhibition stand and do not participate in the conference, a registration is not necessary and their own name tags can be used. Should there be any interest in attending scientific talks, a maximum of three persons per stand can enter the lecture halls free of charge. In this case, registration at the registration desk is necessary.

**Deliveries for exhibits (freight and post consignments)**

Please contact us AT LEAST THREE WEEKS IN ADVANCE if you plan to ship any material to the exhibit (preferably via email). We will provide the delivery details upon request. Items should be shipped to ECAP by prior arrangement and after clarification of feasibility and will be delivered to venue on Friday, March 13.

For shipments delivered with no consultation in advance we cannot guarantee proper acceptance. In any case, we do not accept any liability.

**Important!**

Please clearly label all shipments with the following additional information:

- DPG Spring Conference Exhibition
- Sender (company name)
- Booth location
- Number of packages (e.g., 1/3, 2/3, and 3/3)

**Date for return consignment:** until March 20, 2026

The Foyer will be cleaned after end of the conference Friday, March 20, 1:00 p.m. Please make sure that deliveries are supplied with valid and complete return address stickers and that all deliveries will be picked up in a timely fashion by the carriers. Deliveries could be brought back to ECAP by prior arrangement and after clarification of feasibility and picked up by the carriers there. Please note that we do not assume any liability for goods/deliveries not picked up in a timely fashion.

**Parking areas for exhibitors**

The parking lot behind the Audimax is only for unloading. There are limited number of paid parking spaces (full day ticket available) in the Kochstraße, 100m away from the venue. The parking garage of the university hospital (Kussmaulallee 14) is located a 5-minute walk away. A bus service free of charge all 7 minutes (City line 299) is available from the Großparkplatz (Parkplatzstraße) to the Audimax (stop Hindenburgstraße).

**Wireless internet access**

Wi-Fi is available in the exhibition area. However, we would like to point out that due to the high number of participants during the conference, internet connections in all areas may be temporarily overloaded. We strongly recommend that you bring a UMTS stick with you.

**Security**

The exhibition area will be open from 7:00 am to 9:00 pm every day (to 10:00pm on Thursday). An employee of a security service is on site from 7:00 am till 9:00 am and from 6:00 pm till 9:00 pm (10:00 pm on Thursday). During opening, set-up and dismantling times, exhibitors are responsible for guarding and supervising their stands and the associated (exhibition) items, goods and persons. We recommend that you bring tablecloths or similar items to cover your stand during the night. The organiser accepts no liability!

**Promotional activities (advertising efforts) during the exhibition**

Several companies in the past have set up their roll-ups for advertising purposes outside of the rented exhibition space. This is not permitted. Once again, we would like to point out that placement of advertising measures (roll-ups, banners, etc.) outside of the rented exhibition space or advertising in any form (hostesses, etc.) without prior consultation with the DPG office is not permitted. Roll-ups which are installed without permission will be removed.
